

CONSTANTLY COOL

NEW!

N4208

- ✓ Improved fridge cabinet, freezer cabinet and door insulation
- ✓ Automatic ventilator (Fan) in fridge cabinet
- ✓ Improved interior design and shelving
- ✓ Improved functionality & ease of use
- ✓ Lighter & more space efficient than other brands on the market
- ✓ Automatic ventilators (Fans) at the back of the fridge (no more manual switch at the control panel, but via a thermo switch)

MADE FOR AUSTRALIA

Thetford is once again setting the standard in the RV industry with a new series of modern and innovative designed fridges that are specifically tailored to the requirements of the Australian market. The N4208 fridge has an improved ventilator and insulation system that is cleverly positioned to ensure the food stored remains constantly cool. The N4208 is lighter in weight comparing to other brands of similar volume RV fridges on the market. It is also more space efficient, easy to use and is one of the largest volume cooling appliances in the Australian RV Market.

MADE FOR AUSTRALIA
